

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK-----x
UNITED STATES OF AMERICA

-v-

CHARUDET SMITH,

STIPULATION IN SUPPORT
OF APPLICATION FOR
7TH OR SUBSEQUENT
ORDER OF CONTINUANCE AND
19TH ORDER OF CONTINUANCE

Defendant.

24 Mag. 00551
-----x

The United States of America and the defendant jointly request and agree that the time period from **7/23/2025** to **8/20/2025** be excluded from the computation of the period within which an information or indictment must be filed, pursuant to Title 18, United States Code, Section 3161(b) and (h)(7). The parties submit that there is good cause for an additional exclusion of time. The defendant is charged with a violation of Title 18, United States Code, Section 2251(a), which carries a mandatory minimum of 15 years' imprisonment. The defendant is out on bail. The parties have been exploring a possible disposition of this case prior to trial. Shortly after the defendant's arrest, defense counsel, Isabelle Kirshner, Esq. and Thomas Rotko, Esq., retained a psychiatrist, Dr. Colley, to examine the defendant. Counsel provided Dr. Colley's report to the Government in August 2024, and after reviewing the report, the Government concluded that it would be worthwhile to have a second psychiatrist examine the defendant with respect to the defendant's competency. On September 11, 2024, with the consent of the parties, the Honorable Victoria Reznik ordered Dr. Stuart Kleinman, a psychiatrist, to examine the defendant to determine whether he can understand the nature and consequences of the proceedings against him and whether he can assist properly in his defense. Following Dr. Kleinman's review of voluminous records relating to the defendant and his examination of the defendant, the Government and defense counsel engaged in additional discussions with respect to a potential disposition. Based on those discussions, the parties concluded that it would be helpful for the defendant to meet again with Dr. Colley. Then, following that meeting, the parties engaged in additional discussions with respect to a plan moving forward. Last month, defense counsel advised that, based on conversations with the defendant's treating psychiatrist, there appeared to be an additional interventional treatment that could, potentially, assist in the restoration of the defendant's competence. For the past several weeks, defense counsel have been in close contact with the defendant's psychiatrist and his family concerning that treatment. Based on these discussions, defense counsel anticipates that the defendant will begin this treatment within the next few weeks. Following this treatment, the parties will determine how best to proceed.

By the following signatures we agree and consent to the exclusion of time noted above:

The defendant states that he has been fully advised by counsel of his rights guaranteed under (a) of the Sixth Amendment to the Constitution; (b) the Speedy Trial Act of 1974, as set forth in Title 18, United States Code, Sections 3161-74; and (c) the plans and rules of this Court adopted pursuant to that Act. The defendant understands that he/she has a right to be charged by indictment or information, and to have a trial before a judge or jury, within a specified time

(excluding certain time periods) under the Constitution and Rules and Laws of the United States identified above. The defendant consents and agrees to the above request. **Defense counsel has discussed this stipulation with the defendant and has the defendant's authorization to sign on his behalf.**
